Why these platforms

We picked each platform based on where our customers already spend their time. Most Egyptians find travel ideas on social media, not through agencies, and our biggest competitor, Facebook trip pages, lives there too. So that's where we need to be, with content that shows we're more trustworthy and more exciting than a random page.

Platform	Reach in Egypt
Facebook	51.6 million people
TikTok	48.8 million adults (65.5% of adults)
Instagram	21.7 million people

Content pillars

Everything we post fits into one of five themes, so our feed stays consistent across platforms:

New experience, same place	Fresh ways to enjoy a destination people already know
Trust	How we verify users and places, clear prices, real traveler photos

Pillar	What it looks like
Our travelers	Users' own photos and stories from the end-of-trip survey

Language and tone

Platform	Language
TikTok, Facebook	Egyptian Arabic, casual and fun
Instagram	Arabic and English
YouTube	English first, with Arabic subtitles
